

Position: Registered Nurse Supervisor - Pediatrics
Post Date: 11 Oct 2017
End Date: 10 Nov 2017

Description:

Do you like variety? Are you a problem solver and team player? Then join our patient care team! Broadway Medical Clinic has a fun and rewarding full-time nursing supervisor position open in our Pediatric Department. This position is full-time Monday through Friday.

Broadway Medical Clinic is a patient centered medical home. We participate in a variety of quality care initiatives and programs with private payers and state funded programs. The nursing supervisor is responsible for day to day operations including staffing, administrative duties such as time sheet management & performance evaluations, supply approval, coaching of nurses and medical assistants. The successful candidate will have excellent interpersonal relationship skills in order to build and maintain good working relationships with physicians, staff, other managers, and our outside business partners as well as address patient concerns and provide nursing coverage as needed. This position will be instrumental in developing and putting into operation department policies and procedures.

Qualifications: Graduate from an accredited program for Registered Nursing, 2+ years of clinical nursing experience, 1+ years previous supervisory/managerial experience (preferably in Nursing), current unencumbered State of Oregon Nursing license, BLS, knowledge of medical practice, solid understanding of EMR and workflows, medical equipment, safety hazards, and professional demeanor & extraordinary communication abilities.

Broadway Medical Clinic offers competitive compensation and benefit packages.

If you meet the qualifications for this position, please submit your resume and cover letter of interest to our Human Resources Department at hr@bmcllp.net

No phone calls, please.
